TWENTY-SIXTH YEAR NO. 29.

CEDARVILLE, OHIO, FRIDAY, JULY 10, 1903.

PRICE \$1.00 A YEAR.

NOT SATISFIED.

Since the Supreme court held that all "soft drink" houses must pay the Dow tax, \$350, the dealers in this class of goods became alarmed and many of them closed their houses for fear of prosecution under the Beal law. The provision which covers this point is that any dealer in malted or alcoholic liquors who holds the Dow license it will be held as prima facie evidence that he is violating the Beal law. The liquor dealers finding that they were up against it went to Attorney General Sheets for a decision as to whether soft drinks could be sold without violating provisions of the Beal law. Such an opinion was given out Monday in consequence many dealers have taken out the Dow license in this county.

The Anti-Saloon League is not satisfied with the decision as they claim it is an injustice to a town that has voted out saloons under the Beal law. The organization will not let the decision stop where it is and will pre-

pare for a test case which will be finally settled in the supreme court. There is little danger but that the Anti-Saloon league will win out when it comes to the supreme court, for this court has already held that the Dow tax must be paid on soft drinks and they have already declared the Beal law constitutional. So that a person holding the Dow tax, even for soft drinks which are of an alcoholic nature, must remember that the chances for prosecution are very good.

A meeting of the W. C. T. U. will be held next Thursday afternoon, July 16, at the home of Miss Mary Murdock at 2:30 p. m.

Mr. and Mrs. J. M. Bull, of Springfield, were guests of friends here last Saturday.

NOTICE OF APPOINTMENT.

Notice is hereby given that W. R. McChesney has been duly appointed and qualified as administrator of the estate of J. P. Morton, deceased.

June 17, 1903. MARCUS SHOUR, 29d.

HIS SECOND OFFENCE.

The local option movement is not dead, it is only begun. An affidavit was filed Wednesday in Mayor Thomas' court, Jamestown, charging C. M. Ridgway with selling intoxicating liquor contrary to law. Papers were served on Mr. Ridgway immediately and he decided to stand trial, the case being set for July 20. The committee has much stronger evidence than they had at his former trial and feel confident of a decisive victory.

The management of the library have been forced to raise the price of tickets from fifty cents to one dollar for the year. This has been done owing to considerable expense they have been put to in order to have more room for the Hon. Whitelaw Reid collection of books. Then a number of the very latest books have been added. There will be little objection raised as to the price of the season ticket as the library is on an equality with any other in towns of this size.

NEW PROFESSOR IN THE COLLEGE.

A professor for the mathematical department of Cedarville college has been appointed. Miss Mary O. Eddy a graduate of the class of '98 in Wooster University is the new incumbent. Miss Eddy has had five years' experience in teaching. She comes highly recommended in every way. She is a young woman of talent, culture and christian character. Miss Eddy will take a special course in Wooster University summer school preparatory to beginning her work here in September. She was recommended by Prof. Dora Anderson as well as by others. The applications for the position were numerous, but the authorities of the college feel favored in securing Miss Eddy.

Endie C. Wright, through her attorney, Charles Cheney, filed suit Monday for a divorce from her husband, Newton E. Wright. They were married in Jamestown in 1902. She asks to be restored to her maiden name.

RESOLUTIONS.

A tribute from the Ladies Aid of the U. P. church, of Cedarville, O., to the memory of our esteemed friend, Mrs. Anna McCollum, who was called to her eternal home June 19, 1903.

The Angel of death has reset this noble life and like the morning star, it is lost to our view in the brightness of the new day. Beautifully and faithfully were woven into the tissue of her life the golden threads of love and sympathy, kind words and unselfish acts, liberality, charity and cordial hospitality. She was one devoted to her home and a true and loving friend.

She will be sadly missed in the society and Sabbath school where she was always in attendance. But the influence of her Christ-like character falls as a benediction over us all.

We as a society extend our sympathy to the bereaved family and commend them to Him who has said, "I will not leave you comfortless."

COMMITTEE.

Henry M. Walker, of Chicago, has returned home after a pleasant visit here with his wife, relatives and friends. He leaves Chicago Saturday for New York, on a pleasure trip, to be gone about ten days. The Shriners of Chicago and other cities, will have special cars and rates to New York.

Mr. Walker, being a Mason of high standing, will accompany them on the trip. Mrs. Walker expects to return to her home in Chicago some time next week.

The Greene county physicians and their families spent Thursday at the Neff grounds at Yellow Springs.

Mrs. Marsh and Stewart were in attendance.

Jacob Beamer, of Alexander, Ind., a former resident of this place, arrived here last Friday morning being called here by the sickness and death of his sister, Mrs. Reed.

Florence Faut was granted a divorce, Monday, from her husband, Fred Faut, on the grounds of gross neglect of duty. She was restored to her maiden name of Asbury.

Mrs. Florence Remsburg and son, Fred, of Springfield, were guests of J. H. Wolford and family this week. She returned home Thursday while her son will visit O. T. Wolford.

The paper mill employees have at last got a good joke on John Stine, a fellow employee. John works in the beater room and was engaged in work about one of these machines when his foot slipped and he fell head long into the straw pulp. It is said that he looked very much like a drowned rat when he was fished out of the crude paper.

A picnic and dance was given by a number of young people from this place at the Neff grounds near Yellow Springs Tuesday evening. The affair was the swiftest that was ever given by the local boys. The music was furnished by Rigio's orchestra from Springfield. A number of young people from Springfield, Xenia, Jamestown and Yellow Springs were present. There were 84 couples

present to enjoy the pleasures of the evening.

The Fourth was a very quiet day in Cedarville. Those who did not seek amusement at some of the nearby cities or summer resorts spent the day at home, endeavoring to keep as comfortable as possible. The day had the usual number of accidents over the country. It is no wonder that so many people are injured in the celebration of this great day when a city the size of Dayton turn out 60,000 people on the night of the Fourth to see Uncle Sam's display of fire works for the soldiers at the home. Such crowds as these cannot but result in many accidents.

Township Clerk Jackson and Township Treasurer Owens were in Xenia Tuesday, J. C. Fowler, of the Bureau of Inspection and Supervision of Public Offices, having summoned them to appear to have the financial standing of the schools of this township investigated. C. W. Crouse and Mr. Owens represented the village schools. The books were reviewed from the year 1890 up to the present time. The board which examined the books reported them "O. K." and complimented the gentlemen on the business-like principles used in pursuance of their duties.

Our intentions are to dispose of every dollar's worth of goods now in our possession, within the next thirty days, and rather than move any article of our present stock to our new building, we have made prices—cost or value not being considered—that should interest every purchaser of DRY GOODS, MILLINERY, SHOES, CARPETS, WALL PAPER, HOUSE FURNISHINGS, ETC., within a radius of 100 miles of Springfield. A careful study of the contents of the circulars now being distributed at your homes should make interesting and profitable reading for the intelligent public, who know and appreciate values that are in many instances half manufacturers' and importers' quotations today. You will find every article in this store exactly as represented here.

The E. Wren Co. assumes control of the business August 1st, adding such extensive resources to the already Large Business of the old house as to bring the Big Department Store now approaching completion, to a standard of efficiency and magnitude, equaled only by the large department stores of the largest cities of the country.

W. C. T. U. NOTES.

One of the most hopeful temperance signs of the times is the growing antagonism of business firms, manufacturing plants, railroads and employees of labor in general to the saloon business. They recognize the fact that machinery is endangered, the effectiveness of employees lessened and the danger of damages on account of the negligence of drunken working men heightened wherever the facilities for obtaining strong drink are easily accessible.

Certain Toledo manufacturers have just been taking decisive steps to prevent, as far as possible, the demoralization of their employes through nearby saloons.

Pickands, Mather & Co. have just secured title to property adjoining their big blasting furnace site, for the purpose of preventing the erection

of buildings for saloon purposes near the plant.

The National Malleable Casting Co. has acquired the property across the street from its plant, some time ago, for the same purpose of saloon prevention, and it cannot be bought at any price. The company is seeking to acquire more property nearby.

The National Supply Company is about to begin work on a big addition to its Ashburton foundry. The other day a saloon man tried to purchase a lot near the site of the new foundry. The deal was about to be closed up when a certain real estate man said to his assistant: "No, call a lot to this buyer as it means the erection of a saloon near the foundry."

The National Supply company would never forgive us, and might withdraw their business."

It is learned that the executive

heads of other industrial corporations are taking the steps toward a regulation of the liquor traffic. They are quietly buying up adjoining property. The factory managers sell these lots cheap to home builders and place a restriction against saloons in all deeds to properly afterward executed.

Where there is no chance of selling the lots to home builders the manufacturers retain possession, as in the case of the Malleable Iron Works.

The brewers are alive to the value of a saloon site close by a big factory. Their agents watch the papers for news of the building of new factories

and then purchase saloon sites directly opposite. Almost before the ink had dried on the deed giving the Cleveland Childs Iron company title to Stentz farm a certain local brewery had purchased two saloon sites opposite the projected iron industry.

Factory employes have an hour, more

or less, at noon for luncheon and a saloon directly opposite the factory is a strong temptation. Two or three glasses of beer may render a man just drowsy enough to make a false move or misstep and a serious accident in the factory and damage suits follow.

A RUNAWAY HORSE.

A runaway Tuesday afternoon broke the quiet of the day. H. M. Stormont, one of the rural route drivers, had hitched his horse in front of the post office as is his usual custom. For some reason the horse became frightened and went up Main street at a merry gait. On turning onto Chillicothe street the wagon was upset and the frightened animal continued its mad run until it ran into the fence in front of the S. L. Walker property. Turning around it came back down town and turned in-

to an alley east of the Wolford blacksmith shop. The wagon was badly damaged but the horse escaped any serious injuries.

Council meets Monday evening.

While farmers have been busily engaged in harvest this week, merchants have prepared for their harvest and taken the Herald as a medium to inform the people of the bargains they have to offer. Consequently our advertisement columns are somewhat crowded this week.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Columbus, Cal., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by B. Ridgway, druggist.

A diamond weighing sixty-seven carats and worth about \$15,000 was found on the Premier Johannesburg property the other day.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's colic, cholera and diarrhoea remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that bottle of medicine, costing but a few cents, cured me." For sale by G. M. Sidgway.
